## Hunter Drive Reconstruction Project

### *Phase 1 Under Way*

Phase 1 has kicked off with the reclamation of Hunter Dr. from Hamel Rd. to Elm Creek Dr. as well as temporary water main installation. Installation of sanitary sewer at Hamel Road has been scheduled for Wednesday, July 13th, weather permitting. Tuesday, July 12th the Contractor will be working in the intersection to prepare for the sewer work. This work will close the intersection so access to homes will need to be from the south. Other work scheduled for this week is storm sewer work to take place in Lion's Park. Tree removals are tentatively scheduled for late this week or early next week. Geislinger & Sons will be completing the work.

### *Water Shutdown*

A temporary water main shutdown is tentatively scheduled for Monday, July 18th, weather permitting. The shutdown is scheduled from 8:00 A.M. to 3:00 P.M. Once this is completed, the temporary water system will be hooked up and there should not be any major losses of water except for a short period of time when the new water services will be hooked up. We will make every effort to inform residents ahead of time of these potential losses of service. Please keep in mind that there may be an occasion that calls for an emergency water shut down for a few hours.

### *Mailboxes*

During construction, mailboxes will be relocated. For Phase I, all mailboxes for properties between Hamel Rd and Elm Creek Dr will be temporarily relocated at the Hunter/Hamel intersection. **These mailboxes will take effect Wednesday July 13th..**

### *Traffic Control*

Beginning July 11th, Hunter Drive will be closed between Hamel Road and Elm Creek Dr., except for local traffic. Access will be maintained to homes each night with the exception of a few nights where access to homes by vehicle is not feasible due to very deep utility installations.

For the first few weeks access to Comanche Trail will be from the south. Access to the remaining homes will vary day to day. Daily updates will be available on the Information Line listed below. Please follow posted detours.

A priority will be taken to make people aware of the traffic control and the construction status via the updates to the website and information phone line. We want to work with you keep you informed and make this project a success.

### *Website*

More information, including road closures and detour maps, can be found on the City of Medina website ([www.ci.medina.mn.us](http://www.ci.medina.mn.us)) under the Hunter Drive Reconstruction link on the left side of the page. This will be updated weekly or more often as necessary.

### *Information Line: 651-967-4512*

Call this number to receive daily updates, including location and type of work scheduled, road closures and potential utility service interruptions. **If you are interested in receiving future Medina Minutes by email, instead of flyers, please email the contact listed below.**

### *Contacts*

Please contact the project representatives below with any additional questions or concerns.
